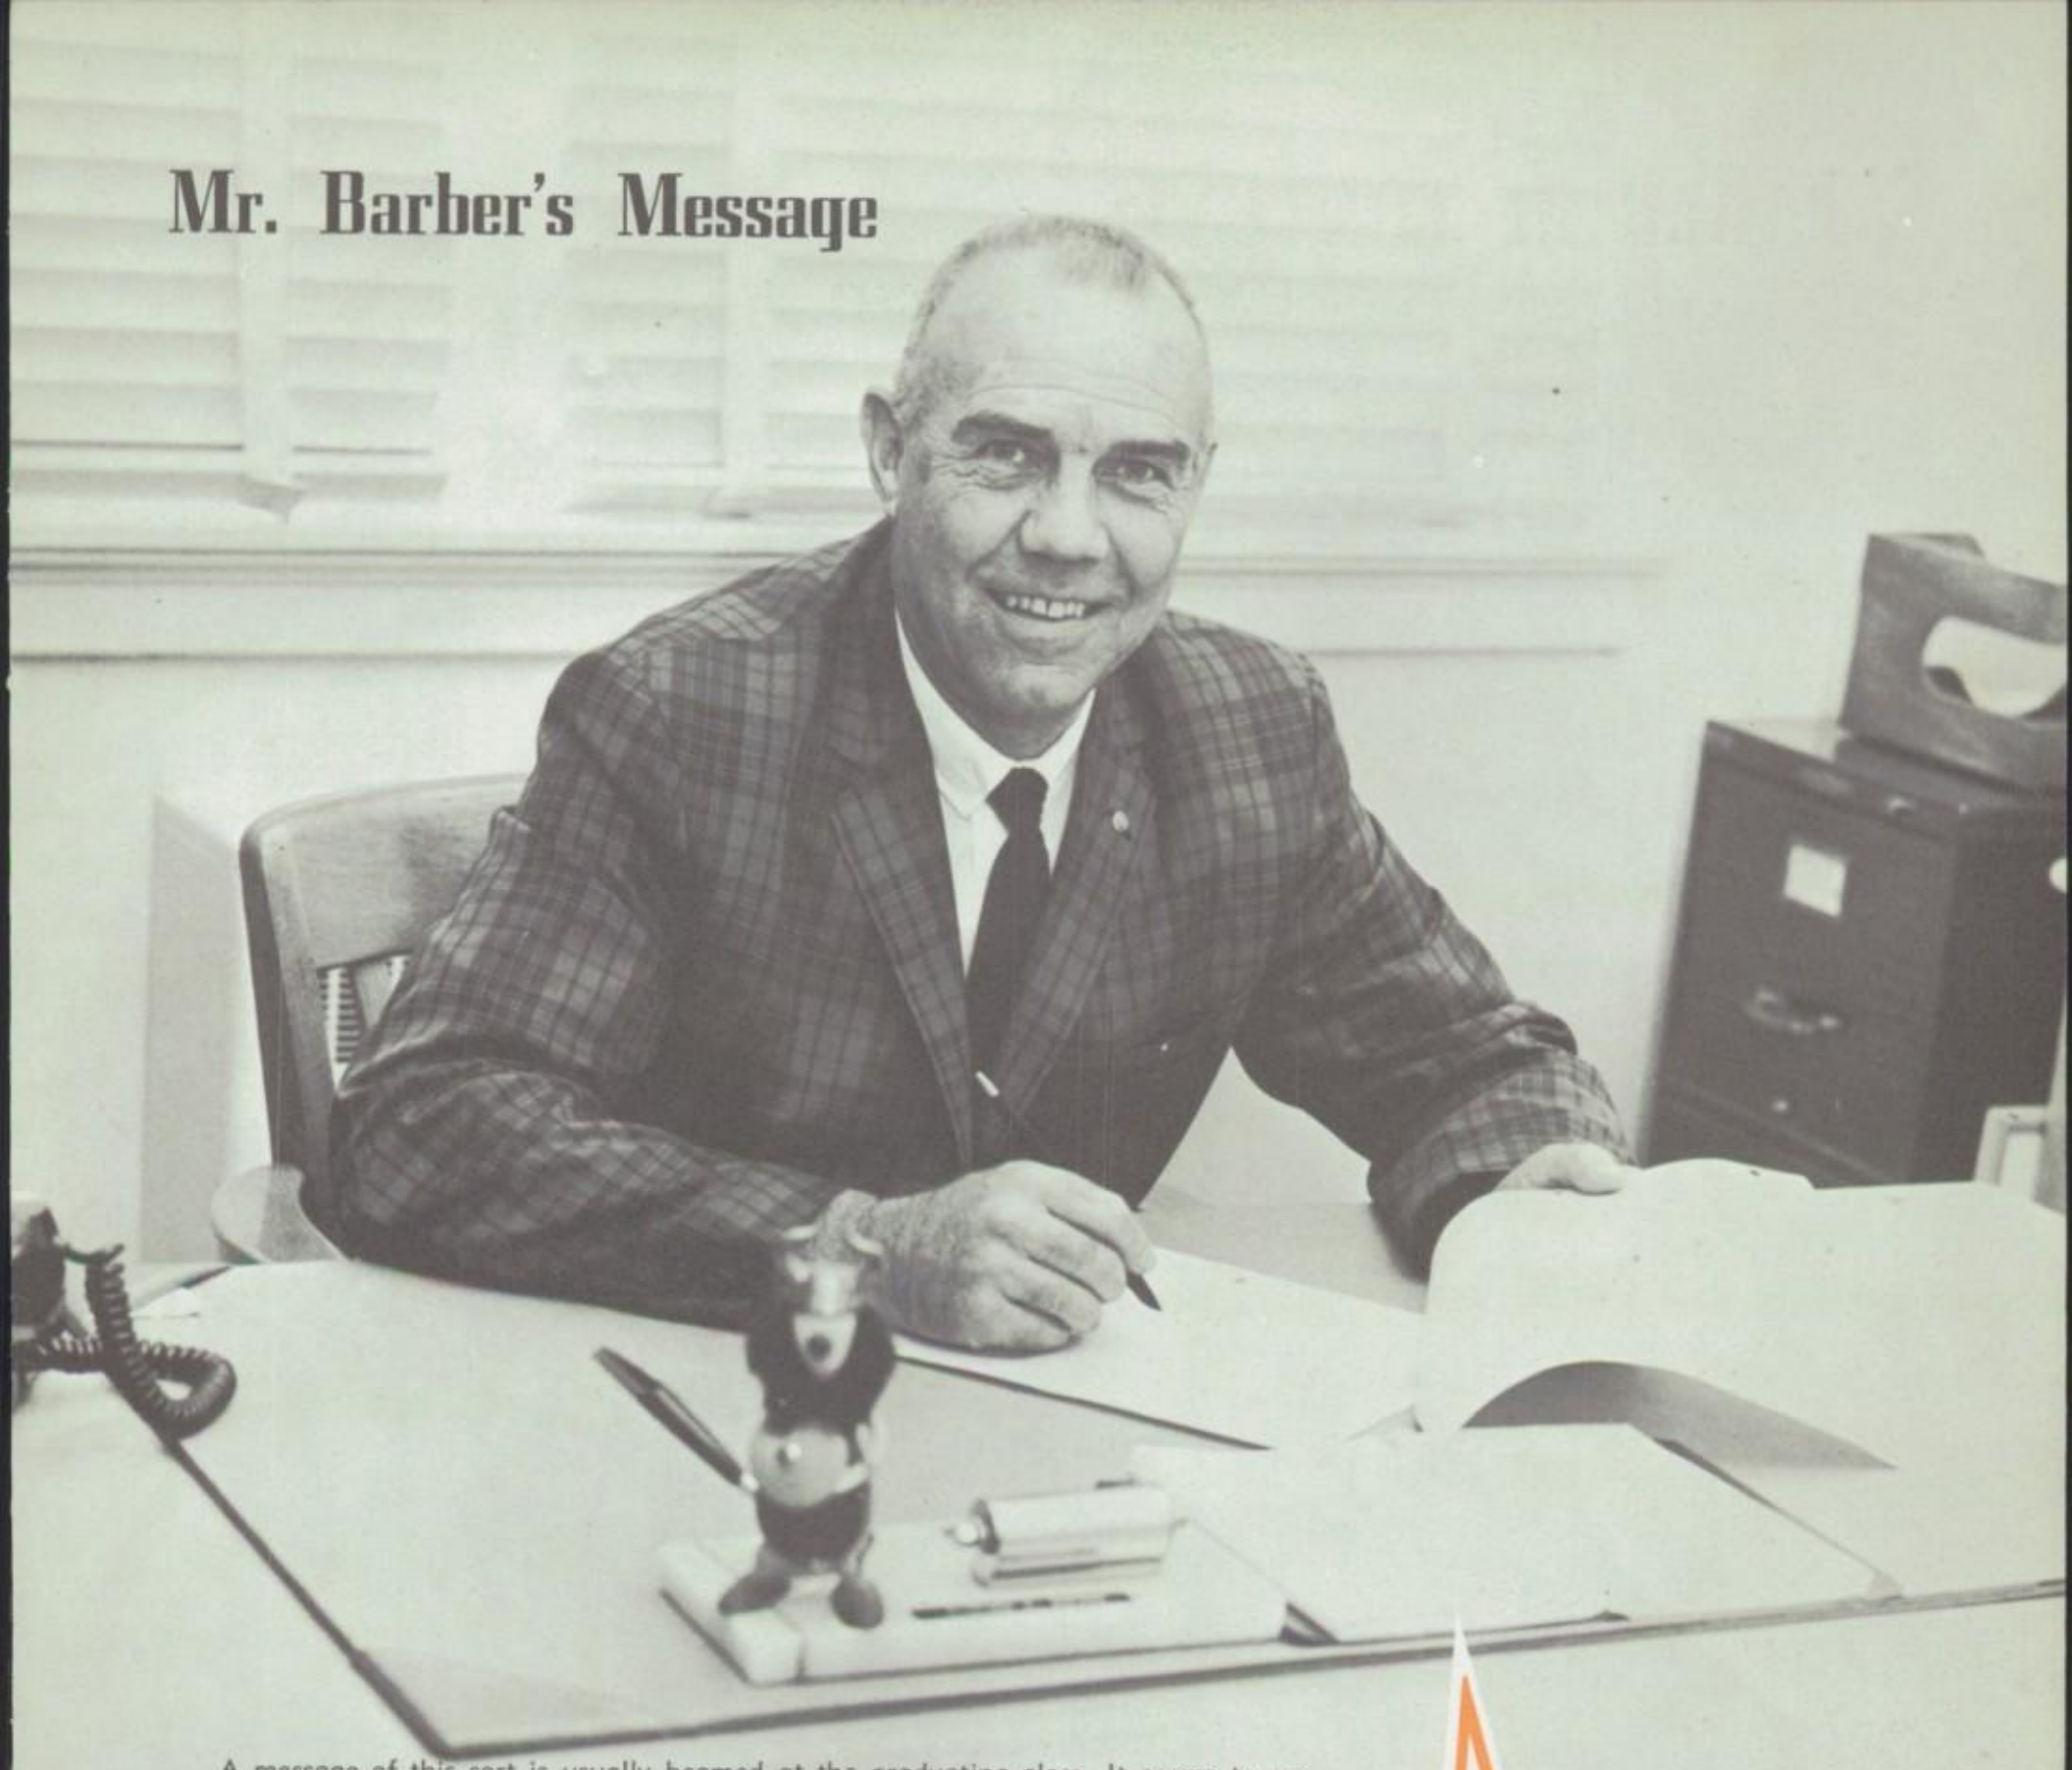
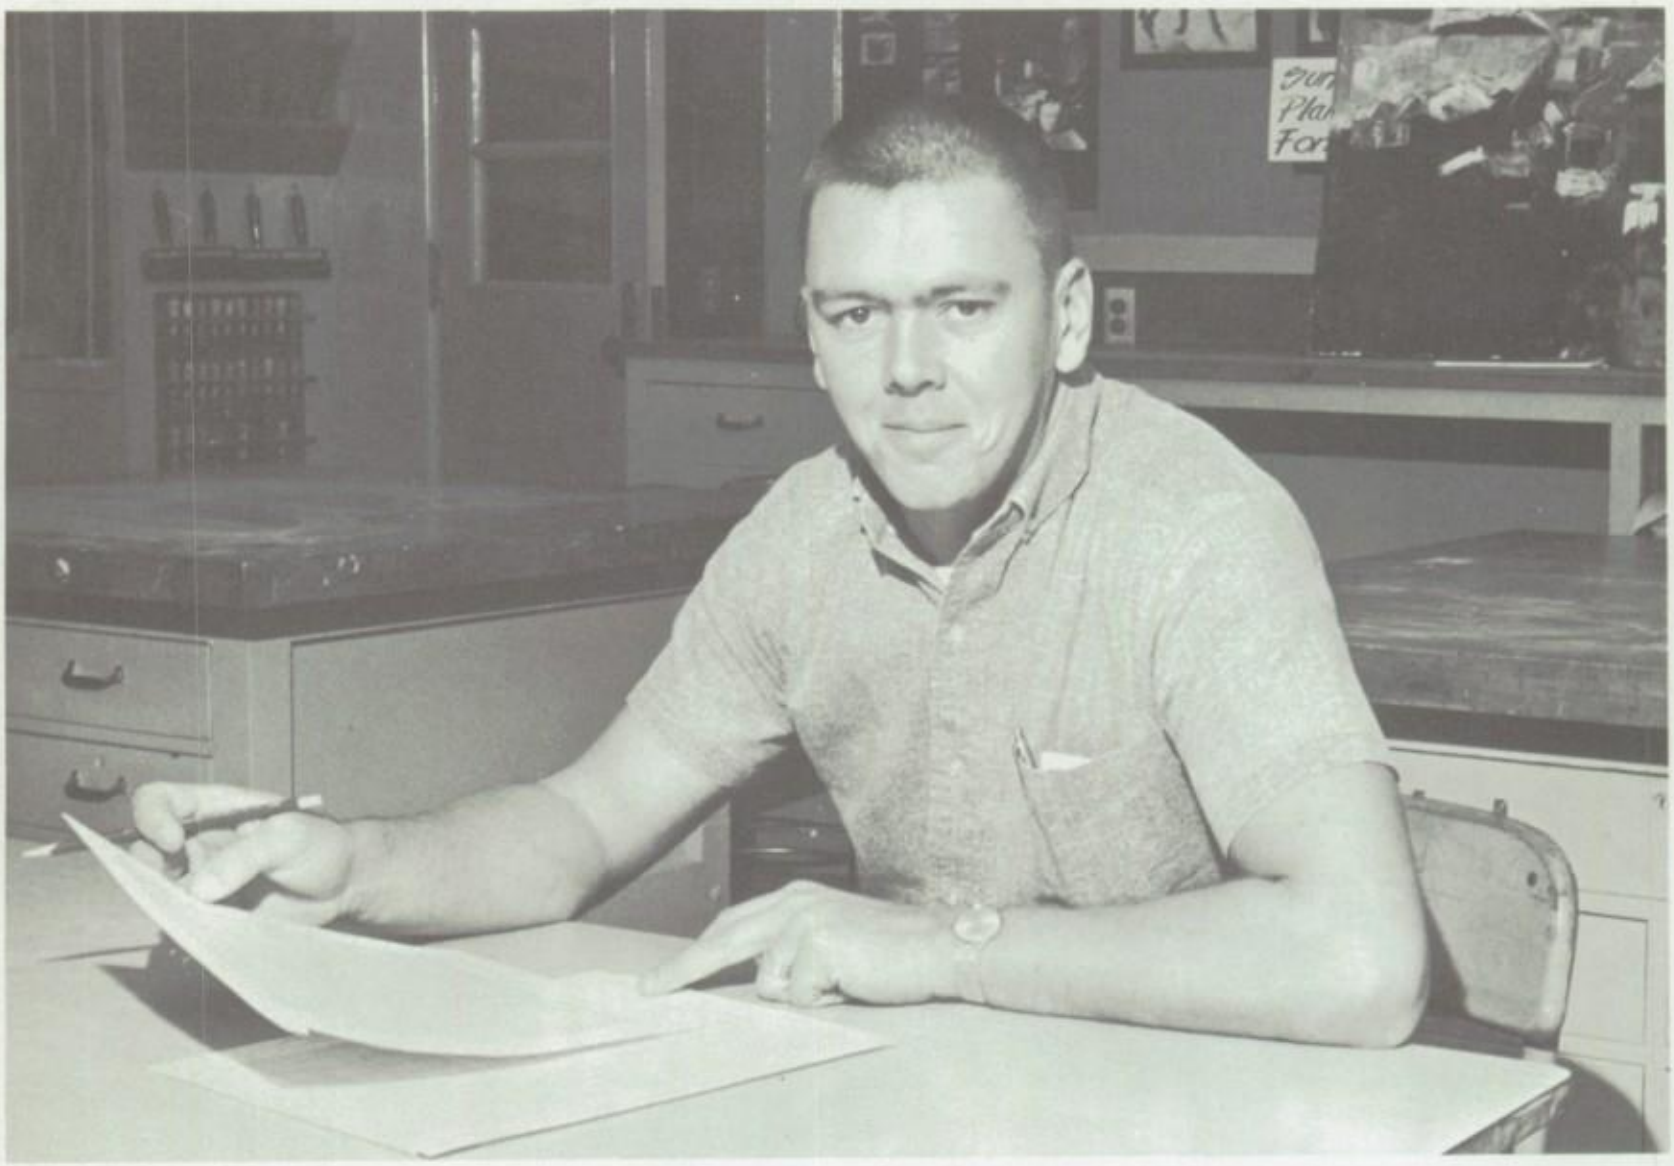
Mr. Barber's Message



A message of this sort is usually beamed at the graduating class. It seems to me that for this year my remarks should encompass the entire student body. This has been a year of many "Firsts" for all of us as the good ship Viking sailed through its first year as a true Senior High School. It has been a year for new attitudes and new traditions and you can be proud of your achievements in establishing so fine a course for the maiden voyage of the Senior High Viking Ship. I have watched you struggle and nearly flounder with some of the problems you faced at the start of your cruise and I have had the pleasure of seeing you re-evaluate your mission, accept your many responsibilities and attain your goals in a sound and mature manner. There are no limits for our Viking Ship if we continue to sail in this direction.

Dedication



The individual to be limelighted this year was born in Bristol, Pennsylvania.

He was stationed in Italy as a sergeant in the Marine Corps, serving from 1953 to 1957.

In 1961 he received his Bachelor of Arts degree from Buffalo College of Education in Buffalo, New York.

He came to us the same year, and has since become head of the art department. He has been our yearbook advisor for three years, and is now head wrestling coach, and can be seen doing calisthenics with "his boys".

It is this ability to participate in the activities he supports which makes it a certainty that he will always be respected, loved and remembered by those with whom he works.

Therefore, it is with good foundation and sound conviction, that we the Student Body of La Jolla Senior High School, dedicate this 1964 Viking to Mr Charles Stromberg.

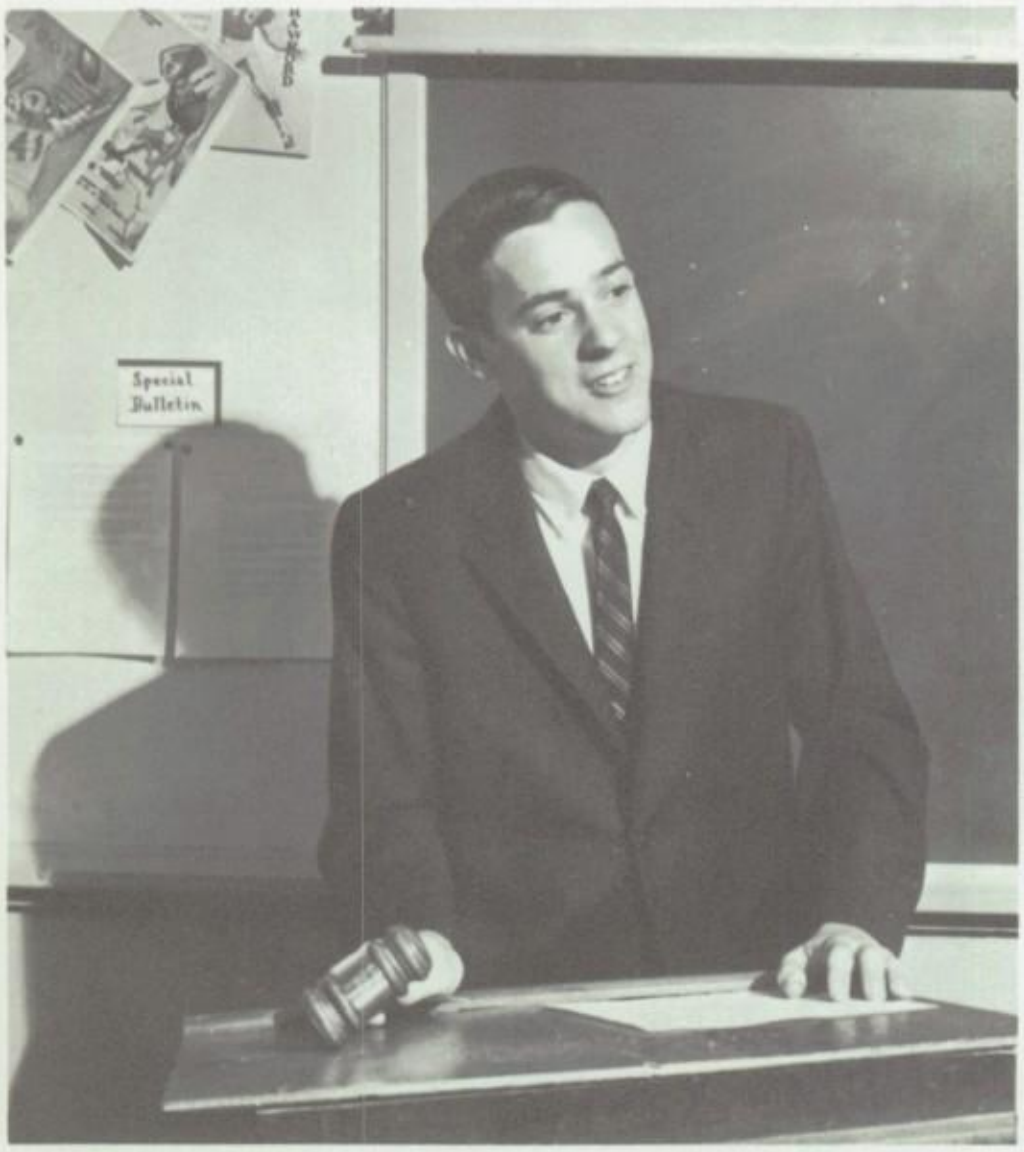
GOVERNMENT

Many Goals Were Reached



Tom Noble
A.S.B. Fall President

The first semester Associated Student Body officers worked hard to lay the foundations for the first year of our Senior High School. The executive council met the responsibility of effective student leadership, and reached many of their goals. More effective representation, organized bulletin boards and a revision of the Constitution were only a few of the achievements of Tom Noble's council.

Hustle . . .

The Varsity Football Team, after a poor start, came back strongly. The pass-catching of Dick Allmon, Rob Childs, Rick Eveleth and Butch Taylor, the superior running of Taylor, Bruce Forbes, Mike McIntire and Dave Robinson, and good kicking by Greg King and Greg Maynard assured the Vikes of another good year.

Probably the biggest single asset to the team, though, was the new La Jolla Health Studio, where players gained confidence and strength during the summer months. Also the Rev. Garrett Short, who gave the team spiritual guidance, not only at home games, but at away games.

The team placed second in the Western League.

Several outstanding Juniors and Sophomores will be back next time around.

A championship basketball team shows what it's made of.

Practice, ability and stamina add up to a superior gymnast.

If I can just hold out a little longer.

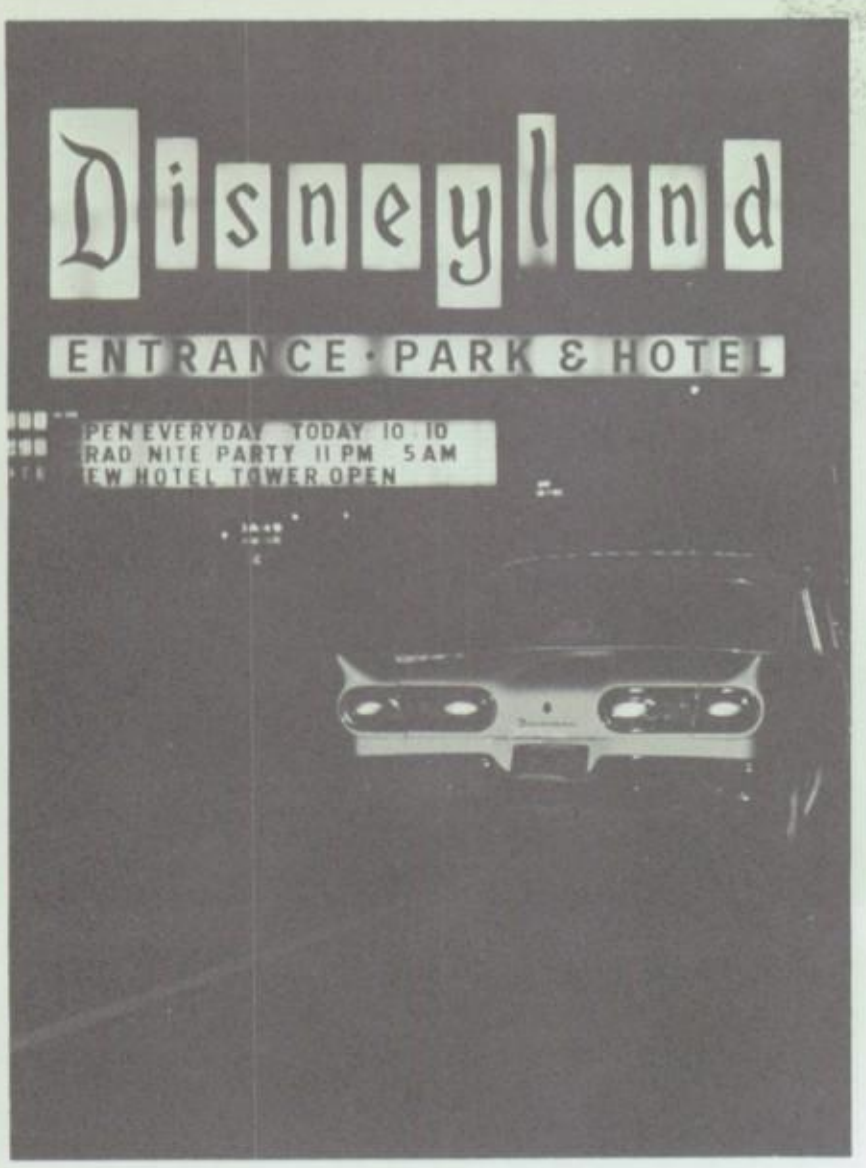
May 29 was the night of the senior prom at the beautiful Hotel Del Coronado. The seniors danced to the rhythmic music of Kenny Gurtin and his orchestra under the sparkling chandeliers.

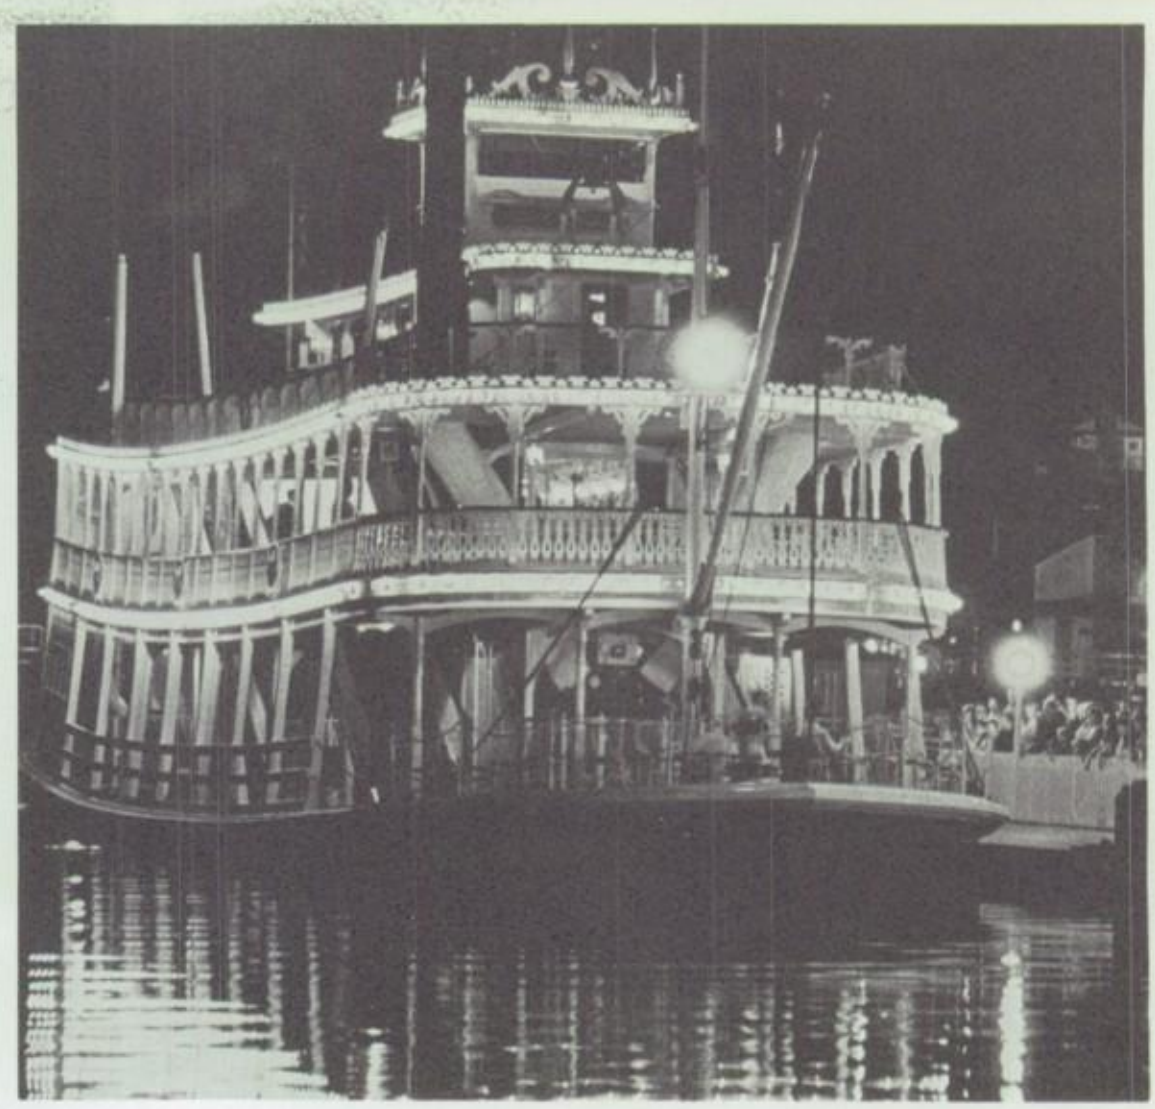
At the midnight hour the tired but happy seniors departed from the Hotel Del Coronado and traveled to the Clairemont Bowl where they had their after prom. They danced to the Impalas, bowled, and ate breakfast in the wee morning hours.

An Unforgettable Night

This was the setting for our delicious Prom Dinner.



This is the place—the gateway to all Grad Nite Parties for more than a hundred Southern California high schools.



The paddlewheel steamer Mark Twain reflects a gay world of the past along the rivers of America. On summer nights the young men from New Orleans play Dixieland music on the middle deck for dancing.

Destination: Disneyland, USA

Brilliant fireworks display bursts over Sleeping Beauty's Castle; gateway to Disneyland's magic in Fantasyland.

Romantic setting—After the thrills of Disneyland's many exciting attractions, Grad Nite couples take time out for a look at Sleeping Beauty's Castle. All is peaceful beside the waters of the castle moat.

After eating breakfast the seniors were able to swim and play volleyball and join in many other activities.

This sign led the seniors to their traditional breakfast, which this year was at the Catamaran.

And Still More Senior Activities

This year the seniors held various activities, which included hootenannies.

For their hootenanny the seniors had a special guest who was Sam Hinton. He performed along with many talented seniors.

Our deepest appreciation goes to Howard's Studio of Photography for all the class pictures and many of the club pictures. Their co-operation and patience were greatly appreciated.

Our staff photographer, Don Schlosser, with the help of Al Pitcarin (Hi-Tide photographer) did a most wonderful and outstanding job, and also O. D. Smith for page 58.

We sincerely thank the Faculty of La Jolla Senior High for their co-operation and understanding during the harder moments of the annual production.

The Viking Staff thanks Mr. Stromberg for his strong guidance and leadership.

Most of all I would like to thank my staff for their long hard hours of work. They did an excellent job on all phases of producing the annual and their attitude was to be commended. We thank all those who had anything to do with the production.

I hope that you enjoy this annual as much as I enjoyed and appreciated being Editor-in-Chief.
